Subject : Outstanding Achievement Awards - Federal
Government Accountants Association

STATINTL 1. On 7 September I called Mr. Powell, President of the Washington Chapter of the Federal Government Accountants Association. was interested in finding out if it were possible to nominate Mr. Fuchs for the National Award which the Washington Chapter had nominated him for in 1966. (I told Mr. Powell only that I was interested in talking to him about these awards and nominating the right people for it.)

2. Following is gist of our conversation.

STATINTL a. The local Chapter Award: The only one we submit candidates for. In view of the following I wonder about nominating again. Local Chapter Award for outstanding achievement which is recognized as such. Part of his job. Setting up, redoing/revising an audit system. He originates it and does the work. If a candidate has received Agency recognition this is considered to be to his advantage in consideration for the local Accomplishment Award. Top Executives have won but the accomplishment is not for leadership which is his day to day job. Done on his own more or less. Something of a research nature, publication. Or as noted above, his idea and his research and work. A Mr. Teller (supergrade) in Bureau of the Budget won an award for revising the Budget System.

3. Invitations for the National Award are not sent out to Agencies they are submitted by the local chapters as Mr. Fuchs was by the Washington Chapter. This selection done by a committee.

STATINTL 4. I gave this information re 3 above on 7 September. This would seem to preclude our nominating Mr. Fuchs, which DDS was considering if we could submit him as a candidate for the National Award.
